## 1. Basis of Presentation and Summary of Significant Accounting and Financial Reporting Policies

W. R. Grace & Co., through its subsidiaries, is primarily engaged in specialty chemicals and specialty materials businesses on a worldwide basis. These businesses consist of catalysts and silica products (Davison Chemicals) and construction chemicals, building materials, sealants & coatings (Performance Chemicals). W. R. Grace & Co. is a publicly held company with its shares traded on the New York Stock Exchange.

### Voluntary Bankruptcy Filing

In response to a sharply increasing number of asbestos-related bodily injury claims, on April 2, 2001 (the "Filing Date"), W. R. Grace & Co. and 61 of its United States subsidiaries and affiliates, including Grace-Conn. (collectively, the "Debtors"), filed voluntary petitions for reorganization (the "Filing") under Chapter 11 of the United States Bankruptcy Code ("Chapter 11" or the "Bankruptcy Code") in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). The cases were consolidated and are being jointly administered under case number 01-01139 (the "Chapter 11 Cases"). Grace's non-U.S. subsidiaries and certain of its U.S. subsidiaries were not included in the Filing.

During 2000 and the first quarter of 2001, Grace experienced several adverse developments in its asbestos-related litigation, including: a significant increase in bodily injury claims, higher than expected costs to resolve bodily injury and certain property damage claims, and class action lawsuits alleging damages from a former attic insulation product. After a thorough review of these developments, the Board of Directors of Grace concluded on April 2, 2001 that a federal court-supervised Chapter 11 filing provides the best forum available to achieve predictability and fairness in the claims settlement process. By filing under Chapter 11, Grace expects to be able to both obtain a comprehensive resolution of the claims against it and preserve the inherent value of its businesses.

Under Chapter 11, the Debtors expect to continue to operate their businesses as debtors-in-possession under court protection from their creditors and claimants, while using the Chapter 11 process to develop and implement a plan for addressing the asbestos-related claims against them.

*Consequence of Filing* - As a consequence of the Filing, pending litigation against the Debtors is generally stayed (subject to certain exceptions in the case of governmental authorities), and no party may take action to realize its pre-petition claims except pursuant to an order of the Bankruptcy Court.

The Debtors intend to address all of their pending and future asbestos-related claims and all other pre-petition claims in a plan of reorganization. Such a plan of reorganization may include the establishment of a trust through which all pending and future asbestos-related claims would be channeled for resolution. However, it is currently impossible to predict with any degree of certainty the amount that would be required to be contributed to the trust, how the trust would be funded, how other pre-petition claims would be treated or what impact any reorganization plan may have on the shares of common stock of the Company. The interests of the Company's shareholders could be substantially diluted or cancelled under a plan of reorganization. The formulation and implementation of the plan of reorganization is expected to take a significant period of time.

*Status of Chapter 11 Proceedings* - Since the Filing, all motions necessary to conduct normal business activities have been approved by the Bankruptcy Court. In addition, the Debtors have received approval from the Bankruptcy Court to pay or otherwise honor certain of its pre-petition obligations in the ordinary course of business, including employee wages and benefits, customer programs, shipping charges and a limited amount of claims of essential trade creditors.

As provided by the Bankruptcy Code, the Debtors had the exclusive right to propose a plan of reorganization for a 120-day period following the Filing Date. The Debtors have received an extension of their exclusive period during which to

file a plan of reorganization through August 1, 2002, and an extension of the Debtors' exclusive rights to solicit acceptances of a reorganization plan through October 1, 2002. The Debtors intend to file a motion to extend the exclusive period during which they can file a plan of reorganization through February 1, 2003.

Three creditors' committees, two representing asbestos claimants and the third representing other unsecured creditors, and a committee representing shareholders have been appointed in the Chapter 11 Cases. These committees will have the right to be heard on all matters that come before the Bankruptcy Court, and, together with a legal representative of future asbestos claimants (who Grace expects to be appointed by the Bankruptcy Court in the near future), are likely to play important roles in the Chapter 11 Cases. The Debtors are required to bear certain of the committees' and the future asbestos claimants representative's costs and expenses, including those of their counsel and financial advisors.

In November 2001, the Debtors' Chapter 11 Cases, as well as the Chapter 11 Cases of four unrelated companies with asbestos-related claims, were assigned to Judge Alfred M. Wolin, a senior federal judge who sits in Newark, New Jersey. An additional asbestos-related Chapter 11 case was assigned to Judge Wolin in March 2002. Judge Wolin will preside over the asbestos bodily injury matters affecting all six companies and, at his choosing, certain other asbestos-related lawsuits particular to Grace. Judge Judith Fitzgerald, a U.S. Bankruptcy judge from the Western District of Pennsylvania, sitting in Wilmington, Delaware, will preside over the Debtors' other bankruptcy matters.

At a hearing on April 22, 2002, the Bankruptcy Court entered an order establishing a bar date of March 31, 2003 for claims of general unsecured creditors, asbestos property damage claims and medical monitoring claims related to asbestos. The bar date does not apply to asbestos-related bodily injury claims or claims related to Zonolite® attic insulation, which will be addressed separately. In addition, a trial to determine whether the 1998 transaction involving Grace's former packaging business and Sealed Air Corporation constituted a fraudulent conveyance was set for September 30, 2002.

*Impact on Debt Capital* - All of the Debtor's pre-petition debt is now in default due to the Filing. The accompanying Consolidated Balance Sheet as of June 30, 2002 reflects the classification of the

Debtors' pre-petition debt within "Liabilities subject to compromise."

The Debtors have entered into a debtor-in-possession post-petition loan and security agreement with Bank of America, N.A. (the "DIP facility") in the aggregate amount of \$250 million. The DIP facility has a term expiring in April 2003 and bears interest under a formula based on the London Inter-Bank Offered Rate ("LIBOR") rate plus 2.00 to 2.25 percentage points depending on the level of loans outstanding.

### **Basis of Presentation**

The interim combined financial statements presented herein represent the results of operations, cash flows and financial position of the Debtors. These financial statements pertain to periods beginning with, and subsequent to, the Filing Date and have been prepared in conformity with requirements of the Bankruptcy Court. Consequently, these financial statements do not purport to present the financial performance of W. R. Grace & Co. in conformity with generally accepted accounting principles which would require the consolidation of all controlled subsidiaries and more extensive notes and analysis related to the worldwide operations of W. R. Grace & Co. Financial activity of non-Debtor entities is not presented herein. However, all non-Debtor entities are either directly or indirectly controlled by the Debtors and, accordingly, non-Debtor financial results are reflected under the equity method of accounting. These financial statements are unaudited and should be read in conjunction with the consolidated financial statements presented in W. R. Grace & Co.'s 2001 Form 10-K and, when filed, its 2002 Form 10-K and other periodic filings with the U.S. Securities and Exchange Commission.

These interim consolidated financial statements reflect all adjustments that, in the opinion of management, are necessary for a fair presentation of the results of the interim periods presented under generally accepted accounting principles; all such adjustments are of a normal recurring nature. All significant inter-Debtor accounts and transactions have been eliminated. Transactions and balances with non-Debtor entities are separately disclosed.

### **Reclassifications**

Certain amounts in prior years' consolidated financial statements have been reclassified to conform to the 2002 presentation.

## Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principals requires that management make estimates and assumptions affecting the assets and liabilities (including contingent assets and liabilities) reported at the date of the Consolidated Financial Statements and the revenues and expenses reported for the periods presented. Actual amounts could differ from those estimates. Grace's accounting measurements that are most affected by management's estimates of future events are:

- Contingent liabilities such as asbestos-related matters, environmental remediation, tax exposures and retained obligations of divested businesses.
- Pension and post-retirement liabilities that depend on assumptions regarding discount rates and total returns on invested funds.
- Depreciation and amortization periods for long-lived assets including property and equipment, and intangibles.
- Realization value of various assets such as receivables, inventories, goodwill, insurance and tax attributes.

The accuracy of these and other estimates may also be materially affected by the uncertainties arising under the Chapter 11 Cases.

## 2. Chapter 11 Related Financial Information

As a result of the Filing, Grace's Consolidated Balance Sheet as of June 30, 2002 separately identifies the liabilities that are "subject to compromise" under the Chapter 11 proceedings. In Grace's case, "Liabilities subject to compromise" represent pre-petition liabilities as determined under U.S. generally accepted accounting principles. Changes to the recorded amount of such liabilities will be based on developments in the Chapter 11 Cases and management's assessment of the claim amounts that will ultimately be allowed by the Bankruptcy Court. Changes to pre-petition liabilities subsequent to the Filing Date reflect: 1) cash payments under approved court orders; 2) the accrual of interest on pre-petition debt at the pre-petition contractual rate; 3) accruals for employee-related programs; and 4) changes in estimates related to pre-petition contingent liabilities and assets.

Set forth below is a reconciliation of the changes in pre-filing date liability balances for the period from the Filing Date through June 30, 2002.

<i>(Dollars in millions)</i>	Current Month	Cumulative Since Filing

Additional liabilities subject to compromise may arise due to the rejection of executory contracts or unexpired leases, or as a result of the resolution of contingent or disputed claims.
